

LOVE BIRD'S By Kathy Doughty
Taught by Diane Miller

Class description:

A whimsical folk art inspired quilt with applique, wedges and hexagons; using happy colorful, contemporary fabrics or fabrics of your choice. Learn new, easy techniques that make this an exciting and fun quilt to make.

Biography: Diane Miller

I began quilting with a hand quilting class in the mid 1970's. I continued my quilting journey a little here and there throughout the 1980's and 1990's, while pursuing a career in real estate, graduating college at St. Mary's, and then working as a paralegal.

In 1999 I decided to get serious about quilting. I purchased a Bernina sewing machine and started taking classes. In 2000 my husband and I moved to El Dorado Hills from the Eastbay where I began working as a real estate escrow coordinator. During that time I also began taking quilting classes at Quilters' Corner in Sacramento where I have been employed since 2008. I make shop samples and teach classes, i.e. Love Birds, and a started group called the Downunder Wanabes.

I have always loved colorful textiles and love playing and experimenting with patterns and designs.

Thanks to Kathy Doughty and her class "Love Birds", I have been enthralled with her and other Australian designers.

Kathy encouraged me to teach the class and I can't stop wanting to make all her designs/patterns. I just love them all.

Supply List

Book: Mixing Quilt Elements, by Kathy Doughty

Ruler: 180 degree Dresden ruler, non-slip by Creative grids. (See attached photo)

Supply list: See page 38 of her book. Upon enrollment in class I will suggest optional items that will be helpful.

MIXING QUILT ELEMENTS

For Love Birds class

Choosing the size of the segment:

Five 18° segments make a 1/4 circle fan block design.
 Twenty segments make a complete circle.

18° Circle Segment Ruler plus 3" finished circle for centers and curved edges. Use this ruler to cut 18° segments for fan designs, Dresden Plates and stacked layer designs - the outer edge of each segment may be pointed or curved.
